WORKPLACE HEALTH & SAFETY POLICY

Quality Coating & Consultants Pty Ltd (QCC) is committed to continually planning and implementing safe work practices into the daily operations of our offices, workshops and project sites so that the risk of injury to people or damage to plant is eliminated or controlled.

To achieve this, QCC will ensure:

- Effective management and communication systems are in place.
- Health and safety objectives are promoted and our employees are educated in the requirements of our health and safety management system, and current health and safety issues
- Employees and other interested parties are consulted during the development of health and safety strategies.
- All workers under our jurisdiction are suitably qualified, competent for the tasks they are to perform and are trained in our safe working practises.
- All our employees understand their roles and obligations under the Workplace Health and Safety Act.
- All employees are encouraged to actively participate in safety meetings and training sessions.
- A safe and healthy work environment is maintained.

QCC has established and maintains an occupational health and safety management system based on statutory legislation, Australian Standards, current best practises and our clients expressed requirements. This system, including documented safe working procedures, are regularly reviewed to ensure that they are current and to identify areas for improvement.
